

Angel Gabriel Diaz

Justin, Texas | 682-408-6223 | ajg240001@utdallas.edu | [linkedin.com/in/angel-jesus-gabriel-diaz](https://www.linkedin.com/in/angel-jesus-gabriel-diaz)

EDUCATION

Bachelor of Science, Computer Science - Certificate in Cyber Defense
The University of Texas at Dallas, Richardson, TX

GPA: 3.82
Expected May 2027

TECHNICAL SKILLS

- **Software Development:** Object-Oriented Programming (OOP), Backend Fundamentals, REST Concepts, SDLC
- **Programming & Scripting:** Python, Java, C++, HTML, CSS, JavaScript, Bash
- **Systems & Networking:** UNIX, Linux, Virtual Machines, Windows, TCP/IP, DNS, HTTP/S
- **Cloud:** AWS (EC2, IAM, S3 – foundational)
- **Tools:** Linux CLI, Wireshark (**intro**), VS Code
- **Languages:** English (**Native**), Spanish (**Native**)

PERSONAL PROJECTS

Secure Enterprise Cloud Architecture

- Designed a secure multi-tier AWS environment using **VPCs, subnets, EC2, and IAM** following least-privilege principles
- Implemented centralized logging and threat detection using **AWS CloudTrail** and **GuardDuty** to improve visibility and security
- Set up network security controls such as security groups, routing policies, and basic **WAF** rules to reduce common attack vectors
- Documented architectural tradeoffs related to cost, performance, and security, simulating real-world customer design discussions

Zero Trust Architecture & Presentation

- Analyzed network traffic on Linux virtual machines to identify anomalous patterns and potential security threats
- Used packet inspection to understand **TCP/IP** behavior, **DNS** resolution, and common attack techniques
- Demonstrated the ability to explain network-level security findings clearly to non-technical audiences
- Presented a technical demo explaining **Zero Trust security principles** with Q&A session

PROFESSIONAL EXPERIENCE

Office Assistant

August 2023 – May 2024

Tarrant County College, Fort Worth, TX

- Developed professional communication skills handling high-pressure, time-sensitive interactions
- Supported ~30 visitors daily, coordinating scheduling and interdepartmental communication
- Managed sensitive academic records (SAT/PSAT, AP-related materials) requiring accuracy and discretion

Sales Associate

January 2016 – July 2019

Dragon Electric, Monagas, Venezuela

- Built confidence explaining options to non-technical buyers
- Translated customer needs into specific technical/product solution
- Consulted customers on product requirements, pricing, and tradeoffs

CERTIFICATIONS

- **Akamai** Customer Consulting & Support Expected July 2026
- **Akamai** Network Engineering Expected July 2026
- **IBM** Cybersecurity Analyst / ISC2 Expected November 2026
- **AWS** Cloud Support Associate Expected November 2026

CAMPUS INVOLVEMENT

Khidmah Consulting Club, *Consultant*

February 2026 – Present

- Partner with campus Cybersecurity Club to gather functional and technical requirements for a secure website implementation
- Participate in client-facing meetings to translate technical concepts into clear implementation plans and progress updates
- Contribute to front-end development (HTML, CSS, and JavaScript) while aligning usability and security considerations with client objectives

Computer Science / Cybersecurity Club, *Founder and President*

August 2022 – May 2024

- Recruited and grew membership to 20+ active members through targeted outreach, campus events, and peer mentoring
- Designed and delivered hands-on workshops covering Python, Linux, networking fundamentals, and security concepts
- Organized CTF competitions, technical lectures, and labs to strengthen problem-solving and secure systems thinking
